Banana

Design review

Six visual styles.

Two core pages.

Desktop + phone.

Vancouver groceries

17 October 2026

Find better grocery prices nearby.

The shared product brief

Home

Discover the latest discounts around a selected location.

Search items

Browse the catalogue, search groceries and refine results.

Offer information

Image, pack size, price, unit price, store, distance and expiry.

Daily freshness

Prices are updated daily; show when information was checked.

Responsive foundation

A good desktop experience, with a future phone app in mind.

Review focus

Compare navigation, readability, product imagery and brand character.

Static visual concepts. All prices and distances are illustrative sample data.

Backend planned on Supabase. Existing “All items” labels mean Search items.

Six styles, one product

Each style has a Home page and a Search items page, with desktop and phone views.

01 **Sunny Market** — Bright yellow, white space and product-led discovery — **Pages 3-4**

02 **Daily Ledger** — A compact navigation rail and structured price comparisons — **Pages 5-6**

03 **Neighbourhood Fresh** — Dark navigation, yellow search and clear grocery offers — **Pages 7-8**

04 **Sunshine Pop** — Rounded typography, vivid yellow and playful product tiles — **Pages 9-10**

05 **Swiss Grocery Index** — Bold condensed type, sharp rules and an editorial price list — **Pages 11-12**

06 **Neighbourhood Pantry** — Warm neutrals, butter yellow and restrained serif typography — **Pages 13-14**
